

SPONSORSHIP OPPORTUNITIES

Is Europe's Capital Markets Union now in sight?

05-06 November 2020 | ONLINE

The European Capital Markets Institute together with Brevan Howard Centre for Financial Analysis would like to invite you to sponsor the upcoming [ECMI Annual Conference](#), scheduled for November 2020.

The ECMI Annual Conferences usually address topical issues in capital markets development and integration in Europe. This year's forum will have the recovery from the Covid-19 crisis at its core. The pandemic has been a brutal reminder of the need to strengthen the resilience of our economies. This means that the CMU project has taken on new relevance. In that regard, the panel debates will focus on mobilising funding for sustainable recovery, easing financing conditions for corporates, and credit rating agencies. The sessions will be interactive, with a Q&A and an event report to follow.

This event offers your organisation an ideal platform to increase its visibility, thanks to the participation of high-level policymakers, industry representatives and academics who provide their insights into the most salient policy debates of the day. External financial support is essential to the success of the conference, however. Our organising team will ensure that your kind contribution is fully recognised.

For nine years running, the ECMI Annual Conference has brought together an excellent line-up of speakers to share their expertise with participants from across Europe and beyond. Please see below more information about ECMI's previous annual conferences, including a list of organisations whose support we are proud to announce so far.

We very much look forward to hearing from you and remain at your disposal for any further questions.

With best regards,

Karel Lannoo
Chief Executive, CEPS & ECMI

Prof. Franklin Allen
Executive Director, Brevan Howard Centre
